

Humus, black gold for the garden. Plants love it, and thrive when you add it to their soil. How do you get it? By composting!

Composting isn't as scary as it sounds. When done right, it can be simple and highly rewarding. Be brave, be bold, and come how easy it is to find black gold.

Garden Enrichment: Composting Basics

Friday, April 20, 2018

Noon - 1:00 P.M.

McCallum Room

City Hall, 4th Floor

With Bryan Moore of
Texas Pure!
